

# Truck and Trailer Components 12V and 24V Automotive Bulb Catalogue

**Sales Telephone: 01865 383 999**  
**Sales Fax: 0800 371 677**

TTC is the UK's number one distributor for OSRAM automotive bulbs, offering one of the most extensive ranges of Original Equipment bulbs for cars, trucks, trailers and light commercial vehicles.

### **OSRAM Original Equipment Range**

The OSRAM range of bulbs are deemed Original Equipment under Block Exemption Regulation 1400/2002. OSRAM bulbs are approved and specified by all the major vehicle manufactures worldwide. OSRAM supplies the Aftermarket with exactly the same quality bulbs as supplied to the vehicle manufacturers. This applies to the complete OSRAM automotive range including upgrades types such as SILVERSTAR, TRUCKSTAR and COOL BLUE. Genuine OSRAM bulbs are only supplied in genuine OSRAM packaging.

### **NEOLUX Aftermarket Range**

The NEOLUX range of non-OE Aftermarket 12V and 24V automotive bulbs covers the most popular part numbers in the UK market. All bulbs are ECE legal and comply with Reg. 37. Halogen headlight bulbs are UV cut offering protection against harmful UV rays. Choose from the complete range of NEOLUX headlights and auxiliaries available in trade pack or single boxed versions.

### **OE STANDARD**

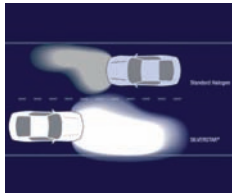

The OSRAM standard range is not only E-marked but meets all Original Equipment standards. OSRAM bulbs are approved by all the major vehicle manufactures worldwide. The entire OSRAM range of automotive bulbs are deemed Original Spare Parts under Block Exemption Regulation 1400/2002.

### **TRUCKSTAR®**

OSRAM TRUCKSTAR headlight bulbs offer 100% more life and also 100% more light than standard 24 volt bulbs thanks to their new patented single-coil technology.

The headlamp beam offers up to 40m extra vision for safer more comfortable driving. All TRUCKSTAR bulbs are Heavy-Duty vibration resistant Longlife bulbs.

### **SILVERSTAR®**

See better and feel safer with up to 50% more light on the road with OSRAM SILVERSTAR bulbs. 20m extra vision offers longer stopping distances and allows you to see hazards earlier. The award winning SILVERSTAR range is available in H1, H4 & H7 12 volt types.

### **COOL BLUE®**

The COOL BLUE range of bulbs offer a distinct blue light up to 4000 Kelvin colour temperature. COOL BLUE is as blue as permitted on the roads and still legal.

The headlight bulbs also offer up to 20% more light on the road than standard bulbs.

### **LIGHT@DAY®**

Extra Longlife bulbs designed for daytime running lights. A complete family of headlight and auxiliary bulbs offering up to three times longer life compared with standard bulbs.

### **DIADEM®**

OSRAM DIADEM has a cool neutral appearance in the lamp unit but flashes amber when lit. DIADEM is superb for clear lens units or headlamps with built-in indicators.

### **NEOLUX RANGE**

The NEOLUX 12V and 24V bulb range covers the most popular part numbers in the UK market and are based on the British Standard numbers so it is easy to identify the correct part. All bulbs are ECE legal and comply with Reg 37.
